TEXT OF DAUGHERTY
RESIGNATION IN FULL

Washington, March 28.—Daugherty's letter follows:

"My Dear Mr. President: "Your letter of March 27 by the hand of your secretary requests my resignation as Attorney General of the United States.

"Solely out of deference and in compliance therewith, I hereby tender my resignation.

"While you do not state when you desire my resignation to become effective, I must respectfully request it become effective forthwith.

Yours very truly,
H. M. Daugherty,
Attorney General."

SENATE COMMITTEE FIRE
AGAINST DAUGHERTY

Washington, March 28.—Harry M. Daugherty, intimate friend and political advisor of the Harding administration, was forced out of office today by the fire of a senate investigating committee which prompted President Coolidge to ask his resignation.

The man who more than any other effected the nomination of the late President Harding, went out only after a long struggle in which he defied the senate and house committees to find him guilty of wrong doing in office and opposed the counsel of senatorial friends to resign his post voluntarily.

The ouster of the attorney general came with dramatic suddenness, after weeks of speculation as to how long President Coolidge will resist the demands that he put him out.

Many of Coolidge's intimate friends and numerous republican leaders in and out of congress urged Coolidge constantly to act for the good of the party.

Even indirect methods were employed to indicate to Daugherty that it would please the president if he got out.

But Daugherty remained adamant. He would leave, he said, only if guilty of misconduct in office was proved against him or if Coolidge personally demanded it.

Meantime the senate committee investigating his conduct of the department of justice began hearings which to date have developed the most extraordinary and sensational story of intrigue, "deals" of all kinds and the exchange of huge sums of money for mysterious purposes — interchanged between men, according to the testimony, who were intimate friends of Daugherty or involved with friends of his.

The resignation was brought about by a letter sent to Daugherty yesterday by President Coolidge requesting

that the attorney general would leave, which was replied to today with a request by Daugherty that the resignation be effective at once.

The committee investigation Chairman Wheeler announced, would go on.

The president's letter to Daugherty follows:

"My Dear Attorney General:

"Since my conference with you, I have examined the proposed reply you suggest making to the demand that you furnish the committee investigating the department of justice with files from that department relating to litigation and to the bureau of investigation.

"You reply to me and to the committee in your letter that it would not be compatible with the public interests to comply with the demand and conclude your letter with the statement that I approved your position. Certainly, I approve the well established principle that departments should not give out information or documents where such a course would be detrimental to the public interest and this principle is always peculiarly applicable to your department which has such an intimate relation to the administration of justice.

"But you will readily perceive that I am unable to form any judgment in this respect without a long and intricate investigation of voluminous papers which I cannot personally make, and so I should be compelled to follow the usual practice in such cases and rely upon your advice as attorney general and head of the department of justice.

"But you will see at once that the committee is investigating your personal conduct and hence you have become an interested party and the committee wants these papers because of a claim that they disclose your personal conduct of the department. Assuming that the request of the committee is appropriately limited to designated files, still the question will always be the same. In view of the fact that the inquiry relates to your personal conduct you are not in a position to give to me, or to the committee, what would be disinterested advice as to the public interest. You have a personal interest in this investigation which is being made of yourself and your office which may be in conflict with your official capacity as attorney general. I am not questioning your fairness or integrity. I am merely reciting the facts that you are placed in two positions, one your personal interest and the other as attorney general, which may be in conflict. How can I satisfy a request for action in matters of this nature on the ground you as attorney general advise against it when you as the individual against whom the inquiry is directed necessarily have a personal interest in it?

"I do not see how you can be acting for yourself, in your own defense in this matter and at the same time and on the same question acting as my advisor as attorney general.

"These two positions are incompatible and cannot be reconciled. I am sure you will see that it is necessary for me to have the advice of a disinterested attorney general in order that I may discharge the duties of my office in this and other matters. I feel certain that you will know how deeply I regret that this situation has arisen. It only illustrates the difficulties which are certain to occur with ever increasing embarrassment, and your inability to perform satis-

factorily the duties of attorney general under present conditions. You will readily understand that it is not my intention to pre-judge the issues which remain to be developed in this investigation. I recognize that you are entitled to a full and fair hearing. But as there is no other way by which you can divest yourself of the interest you have personally in the investigation I can see no other way but for you to retire as attorney general, and I am compelled, therefore, to request your resignation.

Very truly yours,
Calvin Coolidge."

The president requested Daugherty's resignation through his secretary, C. Bascom Slep, who delivered Mr. Coolidge's letter, dated March 27th to Daugherty.

Daugherty replied presenting his resignation and requesting that it be made effective at once. It was dated today and was taken to President Coolidge this morning by Warren F. Martin, special assistant to the attorney general.

Will Not Halt Investigation
"The resignation of Attorney General Daugherty will not halt the senate investigation of his administration of the department of justice, Senator Wheeler said when told of Daugherty's resignation.

Daugherty indicated he was still in a fighting mood after his resignation.

Asserting that President Coolidge's action was "most untimely," Daugherty in a seven page letter to the president given out today at the department of justice, said Mr. Coolidge was following a "dangerous doctrine" in suggesting that "an attack upon a cabinet officer disqualified him for further official service."

"All the pretended charges against me are false," continued Daugherty, "but, whether true or false, if a member of the cabinet should be incapacitated or disqualified by the preference of charges against him no matter how malicious or groundless and he is compelled to give up his position and sacrifice his honor for the time being because of such an attack, no man in any personal position is safe, and the most honorable, upright and efficient public servant could be swept away and a stable government destroyed by clamor.

"I cannot escape the conviction, Mr. President, that your request for my resignation is most untimely. It comes at a time when truth is banishing falsehood from the public minds,

Fort Ripley, about 15 miles south of Brainerd, located on the Northern Pacific railway, faced destruction last midnight when a fire completely wiped out the Farmers Shipping association elevator and potato warehouse and Johnson Brothers elevator near by, and only a providential shift of wind saved the community which had no fire fighting apparatus and no water handy to fight the flames.

The fire is believed to have started at the top of the farmers' elevator. No potatoes were in storage. A carload of rye was in the elevator, believed uninsured. Elevator and potato warehouse were insured for \$4,200. The structure of frame construction measured 24x120 feet and was over a story in height.

Johnson Brothers' elevator loss is believed about \$1,600. Insurance was carried. Some 300 bushels of wheat were stored in the same. The structure measured 24x24 feet and was 35 feet in height.

SENATOR THOMAS WALSH ASSAILS SENATOR SELDEN SPENCER

JOHN WALSH, BROTHER OF SENATOR, IS PUT ON STAND

(By United Press)
Washington, March 28.—In a turbulent session of the senate oil committee today, Senator Thomas Walsh, Montana, charged that Senator Selden Spencer, republican, Missouri, a member of the committee, had subpoenaed John Walsh, a brother, to "cast malicious suspicions upon me."

John Walsh was put on the stand before the committee today after Senator Walsh insisted, but Spencer questioned him only perfunctorily, declaring he was not ready for a thorough examination.

John Walsh denied that he had any connection with either the Sinclair or Doheny oil companies or was in any way connected with the leases made by Albert B. Fall.

The sharpest conflict between Spencer and Walsh further widened the breach between Spencer and the democratic members of the committee.

I have not had an opportunity to place on the witness stand before the senate committee a single witness in my defense to explain any of the whispered and gossip charges against me."

EXPECT TO GET
MORE RECORDS
Washington, March 28.—The senate investigation of the department of justice will go forward with renewed vigor as a result of the resignation of Atty. General Daugherty, Senator Wheeler, Montana, announced following the committee's hearing today.

"The forced resignation of Daugherty will not halt this investigation," Senator Wheeler said. "On the contrary, it will help it for we will be able to get department records that Daugherty denied us.

"Criminal prosecution will be pressed against anybody in the department found guilty of corruption. The committee is going right ahead and clean up the rottenness we believe is in Washington. There should be a general housecleaning in the department of justice."

Wheeler made his statement after the committee spent several hours hearing witnesses, one of whom was former Congressman J. F. Oleott, republican of New York, and offered to procure him a federal judgeship for \$35,000.

Washington, March 29.—President Coolidge today nominated Alfred J. Pearson, a professor at Drake University, Des Moines, Iowa, to be American minister to Poland and sent his nomination to the senate.

LOUCHEUR, SO FAVORED, HAS BEEN CRITIC OF THE PREMIER

FORMER HAS STATED FRANCE CANNOT PAY DEBT TO THE UNITED STATES

(By United Press)
Paris, March 28.—Premier Raymond Poincaré offered a portfolio in the new cabinet to Louis Loucheur, richest industrialist of France, a critic of Poincaré on frequent occasions and author of the famous declaration that this country never will be able to pay her debt to the United States.

Loucheur asked time to reflect upon the invitation, which caused great surprise in political circles. The invitation to Loucheur indicates that Poincaré is completely revising his cabinet, retaining perhaps two members of the one that fell with him Wednesday. General Maginot, minister of war, will be retained, it is believed.

Poincaré is making an effort to have his cabinet ready to face interpellation in the chamber next Wednesday.

NEW CABINET
ALMOST COMPLETE
Paris, March 28.—Premier Poincaré's new cabinet complete with the exception of three posts yet to be filled, was announced late today.

The most striking feature is the acceptance of Louis Loucheur, wealthiest of French industrialists, of the post of minister of commerce and telegrams.

Francois Marsal fills the difficult post of minister of finance. The cabinet is as follows:

Premier and foreign affairs—Poincaré.

Colonies—Fabry.

War—Maginot.

Interior—Deaevles.

Liberated Region—Marin.

Finance—Marsal.

Education—Jouvenel.

Labor—Vincent.

Commerce and Telegrams—Loucheur.

RELIEF FUND FOR
GERMAN CHILDREN

GEO. H. MALLON HEADS HENNEPIN COUNTY COMMITTEE

Minneapolis, March 28.—George H. Mallon, Chairman of the board of County Commissioners, one of Pershing's 100 Heroes and wearer of the Congressional medal, today was appointed Chairman of the Hennepin county committee to have charge of the raising of funds for the relief of starving German children.

Mr. Mallon won many honors during the world war and was one of the 100 men named by General Pershing as the most distinguished soldiers of the American army. Geo. E. Leach, Chairman of the State Committee, appointed Mr. Mallon at a conference held this morning.

"I shall do everything I can to help raise all the money possible in Hennepin county for the alleviation of suffering among the German children," Mr. Mallon said. "We did not make war on babies and children on the battlefields of France and now that the time has come that Germany realizes that she was beaten, I and all other soldiers should lend their aid to raise as much money as we can to save these innocent children from death before the next harvest."

Donations are beginning to arrive in state headquarters at 529 Second Avenue South. Mr. K. O. Knudson, who lives at 127 Fourth street southeast was waiting at the office this morning when Harry Wilbren State Secretary opened it. "Here is \$25 for five children" he said as he gave Mr. Wilbren five, five dollar bills. The Women's Relief Corps of Osseo sent in a check for \$5 today.

Captain Mallon was given the medal of honor by the United States Congress, one of fifty-three living men to hold that honor. The Italian government also presented him with the Italian war Cross.

Becoming separated from the balance of his Company because of a fog, Captain Mallon with nine soldiers pushed forward and attacked nine active hostile machine guns, capturing all of them without the loss of a man. Continuing on through the woods he led his men in attacking a battery of four 155 millimeter Howitzers which were in action, rushing the position and capturing the battery and its crew.

SOMETHING OVER 100 PRECINCTS ARE STILL MISSING

(By United Press)

Pierre, S. D., With Hiram Johnson the victor in the face of incomplete returns, managers of the campaign of President Coolidge in South Dakota today urged him for permission to start a recount.

It was one of the closest votes on a presidential preference in history. Senator Johnson took the lead today by 1,700 votes with only a little more than a hundred precincts still missing.

The remaining precincts may favor President Coolidge slightly, and the final count may show Johnson winner by about 1,400, it is believed.

Official returns are slowly trickling into the office of Secretary of State Coyne and an official count will be available soon.

TALK OF CONTEST
QUIETING DOWN

Sioux Falls, S. D., March 28.—Talk of a contest of the republican primary by President Coolidge quieted down today.

Although nothing definite was given out, Coolidge headquarters apparently had word from higher up to calm down on the contest talk.

Smart politicians pointed out that a contest probably would gain President Coolidge nothing and would only cause a lot of grief and undesirable publicity. It would turn the Coolidge campaign, some advised, Senator Hiram Johnson had enough of a margin in late tabulations to make the possibility of a contest becoming more remote. With returns almost complete, the vote stood: Johnson 40,364, Coolidge 38,601. There were only 102 small precincts missing in this unofficial count.

In this encounter Captain Mallon personally attacked one of the enemy with his fists.

Later when the party came upon two more machine guns, he sent men to the flanks while he rushed forward directly in the face of the fire and silenced the guns, being the first one of the party to reach the nest.

The exceptional gallantry and determination displayed by Captain Mallon resulted in the capture of 100 prisoners, 11 machine guns, four 155 millimeter Howitzers, and 1 anti-aircraft gun.

Captain Eddie Rickenbaker, America's "Ace of Aces" is also lending his help to relieve suffering. He is Chairman of the Committee in Detroit, Michigan raising funds for the campaign there.

Starting in George Chauberg's meat market at 3 a. m. the flames spread rapidly to Godfrey Bothen's barber shop, Schultz and Jenke's pool hall, Paul Kanless' barber shop and the August Wolf shoe store and residence.

Zabell's restaurant and bakery were badly damaged.

Voluntary fire fighters fought the flames and called farmers from miles around to help. Fire fighters from Glencoe, Winship, Silver Lake and New Germany rushed to the aid of the volunteers and by 7:30 a. m. the flames were under control. A fire marshal from St. Paul was called to investigate the cause of the blaze.

JOHN WALSH, BROTHER OF SENATOR, IS PUT ON STAND

(By United Press)
Washington, March 28.—In a turbulent session of the senate oil committee today, Senator Thomas Walsh, Montana, charged that Senator Selden Spencer, republican, Missouri, a member of the committee, had subpoenaed John Walsh, a brother, to "cast malicious suspicions upon me." John Walsh was put on the stand before the committee today after Senator Walsh insisted, but Spencer questioned him only perfunctorily, declaring he was not ready for a thorough examination.

John Walsh denied that he had any connection with either the Sinclair or Doheny oil companies or was in any way connected with the leases made by Albert B. Fall.

The sharpest conflict between Spencer and Walsh further widened the breach between Spencer and the democratic members of the committee.

I have not had an opportunity to place on the witness stand before the senate committee a single witness in my defense to explain any of the whispered and gossip charges against me."

EXPECT TO GET MORE RECORDS

Washington, March 28.—The senate investigation of the department of justice will go forward with renewed vigor as a result of the resignation of Atty. General Daugherty, Senator Wheeler, Montana, announced following the committee's hearing today.

"The forced resignation of Daugherty will not halt this investigation," Senator Wheeler said. "On the contrary, it will help it for we will be able to get department records that Daugherty denied us."

"Criminal prosecution will be pressed against anybody in the department found guilty of corruption. The committee is going right ahead and clean up the rottenness we believe is in Washington. There should be a general housecleaning in the department of justice."

Wheeler made his statement after the committee spent several hours hearing witnesses, one of whom was former Congressman J. F. Olcott, republican of New York, and offered to procure him a federal judgeship for \$35,000.

IOWA PROFESSOR MINISTER TO POLAND

Washington, March 29.—President Coolidge today nominated Alfred J. Pearson, a professor at Drake University, Des Moines, Iowa, to be American minister to Poland and sent his nomination to the senate.

Pearson succeeds Hugh S. Gibson who recently was named American minister to Switzerland, succeeding Joseph C. Grew, named under secretary of state.

POINCARÉ OFFERS POST TO A RICH INDUSTRIALIST

LOUCHEUR, SO FAVORED, HAS BEEN CRITIC OF THE PREMIER

FORMER HAS STATED FRANCE CANNOT PAY DEBT TO THE UNITED STATES

(By United Press)

Paris, March 28.—Premier Raymond Poincaré offered a portfolio in the new cabinet to Louis Loucheur, richest industrialist of France, a critic of Poincaré on frequent occasions and author of the famous declaration that this country never will be able to pay her debt to the United States.

Loucheur asked time to reflect upon the invitation, which caused great surprise in political circles. The invitation to Loucheur indicates that Poincaré is completely revising his cabinet, retaining perhaps two members of the one that fell with him Wednesday. General Maginot, minister of war, will be retained, it is believed.

Poincaré is making an effort to have his cabinet ready to face interpolation in the chamber next Wednesday.

NEW CABINET ALMOST COMPLETE

Paris, March 28.—Premier Poincaré's new cabinet complete with the exception of three posts yet to be filled, was announced late today.

The most striking feature is the acceptance of Louis Loucheur, wealthiest of French industrialists, of the post of minister of commerce and telegrams.

François Marsal fills the difficult post of minister of finance. The cabinet is as follows:

Premier and foreign affairs—Poincaré.
Colonies—Fabry.
War—Maginot.
Interior—Deaulieu.
Liberated Region—Marin.
Finance—Marsal.
Education—Jouvenel.
Labor—Vincent.
Commerce and Telegrams—Loucheur.

MOTORMEN STRIKE MAY IMPERIL THE GOVERNMENT

BRITISH LABOR GOVERNMENT MAY FALL IF PREMIER CANNOT AVERT TIEUP

SUBWAY MOTORMEN MAY WALK OUT IN SYMPATHY WITH TRAM WORKERS

(By United Press)

London, March 28.—The labor government may fall if Premier MacDonald is unsuccessful in averting a strike of subway motormen in sympathy with the tram and bus workers, political observers declared today.

The sympathy strike is scheduled for midnight, and MacDonald summoned opposing parties in the transportation dispute to the ministry of labor early today for a desperate eleventh hour effort to avert the threatened walkout.

Such a strike would cause the paralysis of London's transportation to be complete and its consequences might readily involve the future of the government. The crisis is considered the most serious MacDonald yet has faced.

GAS EXPLOSION IN A COAL MINE BURIES 20 MINERS

(By United Press)
Charleston, W. Va., March 28.—Twenty miners were entombed and believed to have been killed in a gas explosion of the Yukon Pocahontas coal mine near Bluefield early today, according to a telegram received here from the mining company by R. M. Lamby, chief of the West Virginia Bureau of Mines. The mine chief made preparations to go to the scene of the accident.

RELIEF FUND FOR GERMAN CHILDREN

GEO. H. MALLON HEADS HENNEPIN COUNTY COMMITTEE

Minneapolis, March 28.—George H. Mallon, Chairman of the board of County Commissioners, one of Pershing's 100 Heroes and wearer of the Congressional medal, today was appointed Chairman of the Hennepin county committee to have charge of the raising of funds for the relief of starving German children.

Mr. Mallon won many honors during the world war and was one of the 100 men named by General Pershing as the most distinguished soldiers of the American army. Geo. E. Leach, Chairman of the State Committee, appointed Mr. Mallon at a conference held this morning.

"I shall do everything I can to help raise all the money possible in Hennepin county for the alleviation of suffering among the German children," Mr. Mallon said. "We did not make war on babies and children on the battlefields of France and now that the time has come that Germany realizes that she was beaten, I and all other soldiers should lend their aid to raise as much money as we can to save these innocent children from death before the next harvest."

Donations are beginning to arrive in state headquarters at 529 Second Avenue South. Mr. K. O. Knudson, who lives at 127 Fourth street southeast was waiting at the office this morning when Harry Wilbren State Secretary opened it. "Here is \$25 for five children" he said as he gave Mr. Wilbren five, five dollar bills. The Women's Relief Corps of Osseo sent in a check for \$5 today.

Captain Mallon was given the medal of honor by the United States Congress, one of fifty-three living men to hold that honor. The Italian government also presented him with the Italian war Cross.

Becoming separated from the balance of his Company because of a fog, Captain Mallon with nine soldiers pushed forward and attacked nine active hostile machine guns, capturing all of them without the loss of a man. Continuing on through the woods he led his men in attacking a battery of four 155 millimeter Howitzers which were in action, rushing the position and capturing the battery and its crew.

ers inevitable, big business firms today converted all available space into bedrooms to accommodate employees who will have to sleep near their jobs.

A strike of electric light employees to plunge the city into darkness in sympathy with the tram and bus men also is threatened.

In consequence, London's shops were swamped with demands for oil and gasoline lamps and fuel.

The Secretary of the "British Fascisti" has written to Arthur Henderson, home secretary, offering the services of that organization to assist the authorities in connection with the strike and prevent violence, intimidation or destruction of property.

After the employers and employees had met at the ministry of labor today and begun a conference, MacDonal hurried away without divulging his destination.

PRESIDENTIAL PREFERENCE VOTE FIGURES CLOSE

SENATOR JOHNSON IN LEAD TODAY BY 1,700 VOTES

SOMETHING OVER 100 PRECINCTS ARE STILL MISSING

(By United Press)

Pierre, S. D., With Hiram Johnson the victor in the face of incomplete returns, managers of the campaign of President Coolidge in South Dakota today urged him for permission to start a recount.

It was one of the closest votes on a presidential preference in history. Senator Johnson took the lead today by 1,700 votes with only a little more than a hundred precincts still missing.

The remaining precincts may favor President Coolidge slightly, and the final count may show Johnson winner by about 1,400, it is believed. Official returns are slowly trickling into the office of Secretary of State Coyne and an official count will be available soon.

TALK OF CONTEST QUIETING DOWN

Sioux Falls, S. D., March 28.—Talk of a contest of the republican primary by President Coolidge quieted down today.

Although nothing definite was given out, Coolidge headquarters apparently had word from higher up to calm down on the contest talk.

Smart politicians pointed out that a contest probably would gain President Coolidge nothing and would only cause a lot of grief and undesirable publicity. It would turn the Coolidge campaign, some advised. Senator Hiram Johnson had enough of a margin in late tabulations to make the possibility of a contest becoming more remote. With returns almost complete, the vote stood: Johnson 40,364, Coolidge 38,601. There were only 102 small precincts missing in this unofficial count.

In this encounter Captain Mallon personally attacked one of the enemy with his fists.

Later when the party came upon two more machine guns, he sent men to the flanks while he rushed forward directly in the face of the fire and silenced the guns, being the first one of the party to reach the nest.

The exceptional gallantry and determination displayed by Captain Mallon resulted in the capture of 100 prisoners, 11 machine guns, four 155 millimeter Howitzers, and 1 anti-aircraft gun.

Captain Eddie Rickensbaker, America's "Ace of Aces" is also lending his help to relieve suffering. He is Chairman of the Committee in Detroit, Michigan raising funds for the campaign there.

LESTER PRAIRIE HAS \$50,000 CONFLAGRATION

Lester Prairie, Minn., March 28.—Fire wiped out most of a business block here today, causing damage estimated at \$50,000. Starting in George Chauberg's meat market at 3 a. m. the flames spread rapidly to Godfrey Bothen's barber shop, Schultz and Jenneke's pool hall, Paul Kanless' barber shop and the August Wolf shoe store and residence.

Zabell's restaurant and bakery were badly damaged.

Voluntary fire fighters fought the flames and called farmers from miles around to help. Fire fighters from Glencoe, Winship, Silver Lake and New Germany rushed to the aid of the volunteers and by 7:30 a. m. the flames were under control. A fire marshal from St. Paul was called to investigate the cause of the blaze.

Was skeptical of Kellogg's Bran until it gave him back his health

Naturally Mr. Carter—whose letter follows—was skeptical. He had tried practically everything for the relief of constipation. All had failed. But Kellogg's Bran brought him permanent relief, just as it has done for thousands of others. Read his letter:

Gentlemen:
I am 43 years old, and have been for years a great sufferer from constipation. I had to resign a clerical position because of rushes of blood to my head, some of which caused me to fall to the ground. I took an outdoor laboring job and tried for the first time, skeptically I admit, your Krumbled Bran. The result has been wonderful. I began to be normal after I had been on the Bran about three days. No more enemas, no more Old Dr. So-and-So's Pills, Epsom salts by the

ton, etc., ad infinitum! You have the most wonderful product for constipation I have ever seen or tried. Yours very gratefully,
L. T. Carter, 294 Nineteenth St., Brooklyn, N. Y.

Kellogg's Bran, cooked and krumbled, does not irritate the intestines like drugs and pills. It acts exactly as nature acts. Eaten regularly, it is guaranteed to relieve permanently the most chronic case of constipation, or your grocer will return your money.

You will like the exclusive, nut-like flavor of Kellogg's Bran, cooked and krumbled. Eat two tablespoonfuls daily—in chronic cases with every meal. Eat it with milk or cream and in the recipes on every package. Sold by all grocers. Made in Battle Creek.

HIGHER EDUCATION

In a paper prepared at the request of the National Education association department of superintendence, L. D. Coffman, president of the University of Minnesota, brings out some salient points worthy of consideration by all interested in higher education. Although there is a group in colleges and universities which is seeking to limit attendance by various regulations, the public point of view is and will continue to be that the humblest person who meets the entrance requirements at institutions of higher learning is entitled to his fair chance at higher education, is the opinion of Mr. Coffman.

Dr. Coffman states that it has only been a few years since educators went out in the highways and byways to persuade students to go to college. "The most lurid sort of advertisements were used," he said. "Now all this is changed. A few presidents of universities and individual members of many faculties have sounded a new slogan—it is that too many students are going to college."

"No evidence is deduced that a college education is any less valuable than it ever was. It is claimed that many of those now entering college are mentally incapable of doing satisfactory college work and that it is better to educate a few gifted persons than to attempt to provide a college education for great masses."

"But there does not seem to be any conclusive evidence to show, at least I have been unable to find it, that the percentage of mentally incapable students in college today is any greater than it ever was. It seems doubtful to me that those who desire to limit college attendance to the number that present facilities can accommodate will receive the permanent approval of the public. The opinion still prevails, indeed it adheres in the American conception of the constitution of democratic society, that every child is entitled to a fair opportunity from the kindergarten to the university. The debate as to the functions of universities, and particularly of state universities in providing educational facilities for the average man, may grow serious, but the popular conception of the state university, that it is part of the public school system and therefore has a definite public obligation to perform, will not be easily put aside."

DOG LICENSES

The city council, at its last meeting, adopted the amendment to the dog license ordinance which makes all licenses payable April 1. On May 1 unpaid dog licenses become delinquent and will be turned over to the police department. The council found by the records that few paid dog licenses last year and it announced its intention to employ some one at its next meeting to vigorously push the terms of the ordinance. The ordinance provides the impounding of all dogs whose license has not been paid and the fining of the owners for non-payment. One member of the council expressed regrets that such strenuous measures must be followed, for otherwise licenses are not taken out.

According to the city clerk, approximately 310 licenses were issued last year and 175 in 1922. The banner years for dog license collections was the period when B. E. Kocher was in charge. He made an intensive survey of the city, neglecting no one and reporting all dog owners, whether the animal in question was a New Foundland or a fluffy lap dog of cigar box proportions. Several cases were taken to the courts, but it was generally held that a dog was a dog whether he was a pup, diminutive lap dog or any other breed.

The dog population of Brainerd is increasing and ranges from mongrel to high bred hunting dog. Some families, if the taxing is strictly enforced, will have to cut down their entourage of canines.

A dog is a noble animal and one of the finest pieces in literature was an address made a jury when a lawyer, later a United States senator, defended the dog's owner and paid a loving tribute to the animal. The police dogs of the world war showed almost uncanny human intelligence in ferreting out things.

The greatest companion of the average small boy is his pup or dog and if father wants to avoid difficulties, he should see that the dog tax is paid in April and not allowed to lapse May 1.

FOR WHAT KIND OF EDUCATION IS THE FARMER PAYING?

The Department of the Interior, Bureau of Education, has made this significant comment on the subject, "For What Kind of Education is the Farmer Paying?"

A high school in a community in a western state supported almost entirely by agriculture is giving only eight-tenths of one per cent of its teaching effort to agriculture. It is giving 14 times as much of its teaching effort to foreign languages as to agriculture. Yet this community will rise or fall according to the degree of intelligence brought to bear upon agricultural problems.

The country has been stirred from center to circumference since 1920 because of acute problems growing out of the agricultural situation. The best minds of the country have found the problem so complex that little agreement as to proper solution exists. Ought not the schools especially in such communities as are primarily dependent upon agriculture give a large part of their effort in training that will help directly in the solution of farm problems? Ought not farmers themselves solve their own problems? Can farmers ever be certain that proper measures are proposed when they originate with other than farm groups? Is your school so organized that a reasonable amount of effort is concerned with the solution of farm problems?

A FASHION show was one of the features of the fourth annual exhibition of the Business and Professional Women's club held in the Palm room of the Saint Paul hotel, St. Paul. Advanced summer styles were displayed. Such a show has been talked of in Brainerd.

AFTER Crow Wing county does the pioneer work in bringing marl and its uses to the favorable attention of the public and investors, other counties begin taking stock of their resources. Stearns county has discovered a number of marl beds in its confines.

HIGHER EDUCATION

In a paper prepared at the request of the National Education association department of superintendence, L. D. Coffman, president of the University of Minnesota, brings out some salient points worthy of consideration by all interested in higher education. Although there is a group in colleges and universities which is seeking to limit attendance by various regulations, the public point of view is and will continue to be that the humblest person who meets the entrance requirements at institutions of higher learning is entitled to his fair chance at higher education, is the opinion of Mr. Coffman.

Dr. Coffman states that it has only been a few years since educators went out in the highways and byways to persuade students to go to college. "The most lurid sort of advertisements were used," he said. "Now all this is changed. A few presidents of universities and individual members of many faculties have sounded a new slogan—it is that too many students are going to college."

"No evidence is deduced that a college education is any less valuable than it ever was. It is claimed that many of those now entering college are mentally incapable of doing satisfactory college work and that it is better to educate a few gifted persons than to attempt to provide a college education for great masses."

"But there does not seem to be any conclusive evidence to show, at least I have been unable to find it, that the percentage of mentally incapable students in college today is any greater than it ever was. It seems doubtful to me that those who desire to limit college attendance to the number that present facilities can accommodate will receive the permanent approval of the public. The opinion still prevails, indeed it adheres in the American conception of the constitution of democratic society, that every child is entitled to a fair opportunity from the kindergarten to the university. The debate as to the functions of universities, and particularly of state universities in providing educational facilities for the average man, may grow serious, but the popular conception of the state university, that it is part of the public school system and therefore has a definite public obligation to perform, will not be easily put aside."

DOG LICENSES

The city council, at its last meeting, adopted the amendment to the dog license ordinance which makes all licenses payable April 1. On May 1 unpaid dog licenses become delinquent and will be turned over to the police department. The council found by the records that few paid dog licenses last year and it announced its intention to employ some one at its next meeting to vigorously push the terms of the ordinance. The ordinance provides the impounding of all dogs whose license has not been paid and the fining of the owners for non-payment. One member of the council expressed regrets that such strenuous measures must be followed, for otherwise licenses are not taken out.

According to the city clerk, approximately 310 licenses were issued last year and 175 in 1922. The banner years for dog license collections was the period when B. E. Kocher was in charge. "WHIPPING BOSS"

Startling Picture Shown by American Legion at New Park April 7 and 8

The startling picture, "The Whipping Boss" will be shown at the New Park on April 7 and 8. The Minneapolis Journal makes this reference to the picture:

That potential drama lurks everywhere and especially on the front page of the newspaper is again brought to attention by the film, "The Whipping Boss," which is having its premier public presentation in the United States at the New Grand theatre this week. If we had never heard of the sensational Tabert case we should have looked at "The Whipping Boss" as an exaggeration.

It is difficult to believe that conditions such as are exposed in the Tabert case could have existed and it is safely said that exhibition of "The Whipping Boss" will arouse action against the convict leasing system.

Forgetting for the moment the Tabert case and reviewing the film as a film, it can be said of it that those who go to see it will not be disappointed if they want six reels of action. The picture is well acted by a capable cast and the situation are for the most part excellently handled. The picture is a little tense, perhaps, but it will not offend the most sensitive audience. Barbara Bedford and Lloyd Hughes are the stars, but Eddie Phillips does the most effective work as Jim Fairfax, the boy who falls into the hands of the whipping boss. The picture

is being shown by the American Legion.

"WHIPPING BOSS"

Startling Picture Shown by American Legion at New Park April 7 and 8

The startling picture, "The Whipping Boss" will be shown at the New Park on April 7 and 8. The Minneapolis Journal makes this reference to the picture:

That potential drama lurks everywhere and especially on the front page of the newspaper is again brought to attention by the film, "The Whipping Boss," which is having its premier public presentation in the United States at the New Grand theatre this week. If we had never heard of the sensational Tabert case we should have looked at "The Whipping Boss" as an exaggeration.

It is difficult to believe that conditions such as are exposed in the Tabert case could have existed and it is safely said that exhibition of "The Whipping Boss" will arouse action against the convict leasing system.

Forgetting for the moment the Tabert case and reviewing the film as a film, it can be said of it that those who go to see it will not be disappointed if they want six reels of action. The picture is well acted, by a capable cast and the situation are for the most part excellently handled. The picture is a little tense, perhaps, but it will not offend the most sensitive audience. Barbara Bedford and Lloyd Hughes are the stars, but Eddie Phillips does the most effective work as Jim Fairfax, the boy who falls into the hands of the whipping boss. The picture

is being shown by the American Legion.

BERLENBACH WILL COME BACK—FARRELL

By HENRY L. FARRELL
United Press Sports Editor

New York, March 28.—When young Paul Berlenbach was stopped by Jack Delaney it was generally accepted as the bursting of the season's best bubble. It was suggested by some that it wasn't even a good bubble.

The fact that Delaney is one of the best middleweights in the game and that Berlenbach had only had ten professional fights seems to have been forgotten in the obits that were handed out when the former wrestler was defeated.

Why it was that the young fighter, with only ten fights on him, had to meet the second or third best middleweight in the country certainly was overlooked when Berlenbach was being razed as the busted bubble.

Berlenbach was forced into a fight that he was at least a year away from, because the New York Boxing Commission would not let him meet any more setups. Finding authority for it some place, the commission took upon itself the right to name the fighters that Berlenbach could meet. It went further and announced that Berlenbach could not fight any opponent unless that opponent weighed within two pounds of his own weight.

Panned for picking setups, criticized in the press and domineered by the boxing commission, Dan Hickey had nothing left to do but to sign with the fighter that he thought the least dangerous of the first-class middleweights.

Delaney had a good name. If Berlenbach beat him, it would silence the wolves that were howling at the door. Delaney was known to have a bad right hand, and he was never said to have been a great socker. It was said that he had a glass jaw and couldn't take it. He looked like the easiest of the good fighters.

It turned out that an awful mistake had been made in appraising Delaney. He was, perhaps, the hardest test that could have been subjected to the youngster—a fast, skilled boxer with a punch. Harry Greb would have been easier. Jock Malone or Johnny Wilson would have been no more dangerous. None of them combined what Delaney had that night.

Berlenbach lost his fight because he did not know what to do when he was winning in the second round, and because he did not know what to do for himself when he was hurt in the third round.

He showed his gameness by taking a severe beating and he showed some class by the way he broke through the clever guard of Delaney in the second round. His defeat was no bursting of a bubble. If he so wishes he can yet go a long way in the fight game. It is not impossible for him to turn out to be just what was expected when he started.

He says he is not through with the fight game, that he is going to start over and start the right way. As has been pointed out before, Berlenbach would have done much better if he had been born in the middle west and had started fighting away from the big leagues. One year in the bushes would have given him the experience that he so sadly lacked. He would not have been forced into any matches far above his head. He could have been brought along slowly and would not have been bothered with nosy boxing commissioners, a critical press or a pack of fans that shout always in New York for some kind of scalp.

Hickey can save Berlenbach yet by "farming" him out for a year. All the boy needs is experience, and there is only one way to get it in the fight business. He had a deadly punch, he is game, he is strong and he is willing. All he needs is training and experience. He will have to get away from New York for that.

Norma Talmadge and Joseph Schildkraut
in "The Song of Love"

Norma Talmadge Rival to Sheik
Norma Talmadge has stolen a march on the makers of sheik photo-plays by introducing the Ouled Nail dancing girl to Hollywood.

And those who have seen the fiery scenes between Joseph Schildkraut, in his Arabian role, and Norma Tal-

madge, as the Ouled Nail dancing girl, at the New Park on Saturday and Sunday, in "The Song of Love," predict that the sheik will go down to ignominious oblivion when both feminine and masculine theatre patrons see Norma in the sensuous dances of the mysterious Orient.

ing Paramount picture, "Prodigal Daughters," which will be displayed at the Lyceum Theatre next Sunday, the chances are the studio management would collapse. But Paramount

is determined that casts of the highest possible calibre shall grace each of its pictures, and no expense to that end was spared. Here is the line-up for the picture in question:

Gloria Swanson, star; Ralph Graves, leading man; Vera Reynolds, Charles Clary, Theodore Roberts, George Fawcett, Robert Agnew, Louise Dresser, Maude Wayne and Julia Faye.

"The Love Piker" a Wonder
"The Love Piker," by Frank R. Adams, a Cosmopolitan production, will be shown at the New Park last time tonight. The cast includes Anita Stewart, Robert Frazer, William Norris and many others. The story is of a snobbish society girl who falls in love with a young engineer in her father's employ and their romance proceeds smoothly enough until one day—but let the picture tell the rest. It's a wonder for realism.

At the Lyceum

Ben Wilson, who is responsible for the new drama, "Back to Yellow Jacket," adapted to the screen from the Peter B. Kyne story of the same name, which is showing at the Lyceum Theatre tonight and Saturday, gives us something to think about in this, his newest production.

ROOKIES TO KNOW THEIR FATE SOON

New Orleans, March 28.—Rookies on the squad of the New York Yankees who cannot make the grade will start getting the bad news today from Manager Huggins. It was announced that the team would not have a field captain next season and that Huggins will do all the work.

MILLER SECOND SACKER SPEEDY

Beaumont, Texas, March 28.—The speedy little second baseman, Hugh Critz, of the Minneapolis team, is going in splendid form. He made six hits and scored four runs in a game with Beaumont. His total string amounted to three doubles and three singles, all timely hitting.

New accessions slated for the Millers, according to a wire received by Kelley, are Pitchers Moon, Borgen and Studley.

TEX RICKARD IS PLANNING THREE FIGHTS IN SUMMER

New York, March 28.—The program of Tex Rickard this summer is said to embrace three fights in his Jersey City arena. He expects to match Pancho Villa and Frank Genaro for the flyweight championship on May 30. Mickey Walker and Benny Leonard for the welterweight title on July 4 and Jack Dempsey and some challenger for the heavy-weight title on Labor Day.

He showed his gameness by taking a severe beating and he showed some class by the way he broke through the clever guard of Delaney in the second round. His defeat was no bursting of a bubble. If he so wishes he can yet go a long way in the fight game. It is not impossible for him to turn out to be just what was expected when he started.

He says he is not through with the fight game, that he is going to start over and start the right way. As has been pointed out before, Berlenbach would have done much better if he had been born in the middle west and had started fighting away from the big leagues. One year in the bushes would have given him the experience that he so sadly lacked. He would not have been forced into any matches far above his head. He could have been brought along slowly and would not have been bothered with nosy boxing commissioners, a critical press or a pack of fans that shout always in New York for some kind of scalp.

Hickey can save Berlenbach yet by "farming" him out for a year. All the boy needs is experience, and there is only one way to get it in the fight business. He had a deadly punch, he is game, he is strong and he is willing. All he needs is training and experience. He will have to get away from New York for that.

Norma Talmadge and Joseph Schildkraut
in "The Song of Love"

Norma Talmadge Rival to Sheik
Norma Talmadge has stolen a march on the makers of sheik photoplays by introducing the Ouled Nail dancing girl to Hollywood.

And those who have seen the fiery scenes between Joseph Schildkraut, in his Arabian role, and Norma Tal-

madge, as the Ouled Nail dancing girl, at the New Park on Saturday and Sunday, in "The Song of Love," predict that the sheik will go down to ignominious oblivion when both feminine and masculine theatre patrons see Norma in the sensuous dances of the mysterious Orient.

All Noted Players in Swanson Picture
If, a few years ago, a casting director had handed in a cast such as that supplied Gloria Swanson in her thrill-

is determined that casts of the highest possible calibre shall grace each of its pictures, and no expense to that end was spared. Here is the line-up for the picture in question:

Gloria Swanson, star; Ralph Graves, leading man; Vera Reynolds, Charles Clary, Theodore Roberts, George Fawcett, Robert Agnew, Louise Dresser, Maude Wayne and Julia Faye.

"The Love Piker," a Wonder "The Love Piker," by Frank R. Adams, a Cosmopolitan production, will be shown at the New Park last time tonight. The cast includes Anita Stewart, Robert Frazer, William Norris and many others. The story is of a snobbish society girl who falls in love with a young engineer in her father's employ and their romance proceeds smoothly enough until one day—but let the picture tell the rest. It's a wonder for realism.

At the Lyceum

Ben Wilson, who is responsible for the new drama, "Back to Yellow Jacket," adapted to the screen from the Peter B. Kyne story of the same name, which is showing at the Lyceum Theatre tonight and Saturday, gives us something to think about in this, his newest production.

ROOKIES TO KNOW THEIR FATE SOON

New Orleans, March 28.—Rookies on the squad of the New York Yankees who cannot make the grade will start getting the bad news today from Manager Huggins. It was announced that the team would not have a field captain next season and that Huggins will do all the work.

MILLER SECOND SACKER SPEEDY

Beaumont, Texas, March 28.—The speedy little second baseman, Hugh Critz, of the Minneapolis team, is going in splendid form. He made six hits and scored four runs in a game with Beaumont. His total string amounted to three doubles and three singles, all timely hitting.

New accessions slated for the Millers, according to a wire received by Kelley, are Pitchers Moon, Borgen and Studley.

TEX RICKARD IS PLANNING THREE FIGHTS IN SUMMER

New York, March 28.—The program of Tex Rickard this summer is said to embrace three fights in his Jersey City arena. He expects to match Pancho Villa and Frank Genaro for the flyweight championship on May 30. Mickey Walker and Benny Leonard for the welterweight title on July 4 and Jack Dempsey and some challenger for the heavyweight title on Labor Day.

AMERICAN BOWLING CONGRESS NOTES

Chicago, March 28.—Competition for the five-man teams in the American bowling congress tournament closed with Herb's Indians of Cleveland in the top position. Fifty-two teams rolled and dethroned Indiana. The Cleveland team holds the record for the tourney and for the 2,133

five-man teams that took part during the month's competition.

The individual mark was boosted three times and is now officially held by H. S. Myers of Pittsburgh with a 749 score.

A Palace on the Ice

Saranac Lake, N. Y., March 28.—The eyes of Lake Champlain ice fishermen fairly popped recently when there was hauled out upon the ice at Cheever a structure that, compared to the usual fishing shanties, looked like Windsor castle. The super-shanty is 7 by 10 feet. It has sleeping, cooking and heating conveniences. It is finished like a real house and actually painted. It was built by Edward Irving of Crown Point.

Good Comparison.

When we see a man who can't accommodate himself to other people's points of view, we think of the farmer who wouldn't build a storm-cellar because he didn't approve of cyclones.

Lumber and Paper in United States.

The United States uses nearly half the lumber in the world, more than half the paper made from wood, and about two-fifths of the wood in all forms.
